

Safe Mobility for Life Booth Request Form

As Safe Mobility for Life representatives can host a table at events almost anywhere in Florida. We bring a variety of informative and educational materials covering the following topics:

- How to use roadway safety devices and signals
- Maintaining safe driving skills
- Understanding the impacts of aging and how to maintain safe mobility
- Resources for family members and caregivers who assist older adults
- Utilizing walking, bicycling, public transit and Transportation Network Companies as transportation options
- Renewing your driver's license and how to apply for a Florida ID
- Where to find local resources that support aging road users
- Identifying communities that support independence among older adults

If you are interested in having a Safe Mobility for Life representative attend your event, please provide the following information at least **60 days** in advance. A representative will follow up with you about your request.
