How to Safely Navigate a Roundabout

What you need to know!
**WHAT IS A ROUNDABOUT?**

A roundabout is a circular intersection that has no traffic signal. Vehicles flow around a center island and must not stop.

**HERE’S WHAT YOU NEED TO KNOW**

First yield, then you should merge into the roundabout when there is a safe gap in traffic.

**IF YOU ARE**

- **GOING STRAIGHT THROUGH**
  Use either lane

- **TURNING LEFT**
  Use inner lane

- **TURNING RIGHT**
  Use outer lane
